

Hedwig House, Inc. Presents
Spotlight on Mental Health: 6th Annual Fundraiser
Friday, October 26th, 2018 6:30-9:30 PM
The Talamore Country Club

About Hedwig House, Inc.

Hedwig House has been serving individuals with mental illness for over 40 years. We offer three programs in Montgomery County: Special Housing, PREP, and the Volunteer Program. All of our services aim to support adults living with severe mental illness in their pursuit of independence and personal fulfillment.

Special Housing: Assisting individuals in securing and maintaining stable, affordable housing in Montgomery County. We work to establish connections between individuals and their community.

Group Services: For adults age 18 and above. Participants choose goals in their living, learning, working and/or social domains. The focus is on functional skill development, enhancement, retention, and transference to real life tasks and settings. PREP Group is a structured day where our Members learn skills related to cooking, clerical and maintenance.

Individual Services: Participants choose a goal in the living, learning, working and/or social domains

PREP (Psychiatric Education Rehabilitation Program) Individual: *For adults 30 and above*

Volunteer Services: *This program is designed to enhance and expand services to Members, by assigning a volunteer to an individual with shared interests. It is a great opportunity to help an individual achieve success.*

Community Contributions

On Friday October 26th 2018 at the Talamore Country Club, Hedwig House will hold its 6th Annual Fundraiser "Spotlight on Mental Health". This event, consisting of a silent and live auction, will raise money for Hedwig House's programs and services. During the event, Hedwig House will honor and recognize a person or company in our community that embodies Patricia Kind's passion, advocating and supporting those with mental illness, with the Patricia Kind Legacy Award.

Supporting this event will make a life-long impact on our Members and Students. As a result of our programs, participants are able to see the benefits of their efforts, find success in their rehabilitation plans, and achieve a greater sense of independence. As individuals gain independence and become contributing members of society, the community at large is also strengthened.
