### **About Hedwig House, Inc.**

Hedwig House has been serving individuals with mental illness for over 40 years. We offer three programs in Montgomery County: Special Housing, PREP, and the Volunteer Program. All of our services aim to support adults living with severe mental illness in their pursuit of independence and personal fulfillment.

**Special Housing:** Assisting individuals in securing and maintaining stable, affordable housing in Montgomery County. We work to establish connections between individuals and their community.

**Group PREP (Psychiatric Education Rehabilitation Program) Services:** For adults age 18 and above. Participants choose goals in their living, learning, working and/or social domains. The focus is on functional skill development, enhancement, retention, and transference to real life tasks and settings. PREP Group is a structured day where our Members learn skills related to cooking, clerical and maintenance.

**Individual PREP Services:** Participants choose a goal in the living, learning, working and/or social domains and work individually with staff to work on steps toward achieving their goal.

**Volunteer Services:** *This program is designed to enhance and expand services to Members, by assigning a volunteer to an individual with shared interests. It is a great opportunity to help an individual achieve success.*

### **Community Contributions**

On Friday November 1st 2019 at the Talamore Country Club, Hedwig House will hold its 7th Annual Fundraiser "Spotlight on Mental Health". This event, consisting of a silent and live auction, will raise money for Hedwig House's programs and services.

Supporting this event will make a life-long impact on our Members. As a result of our programs, participants are able to see the benefits of their efforts, find success in their rehabilitation plans, and achieve a greater sense of independence. As individuals gain independence and become contributing members of society, the community at large is also strengthened.
